

Ashley Erin Holness

New Rochelle, NY | aerin05@bu.edu | (914) 278-3106 | [LinkedIn](#)

SUMMARY

Information Systems & AI student specializing in product, operations, and program management. Track record owning projects end-to-end, from a 6,000-unit annual distribution program to AI workflow design that cut tool build time 40%. Combines data fluency (SQL, Python, Tableau) with hands-on AI tooling (Claude, ChatGPT, Copilot) to turn ambiguous problems into scalable, documented processes.

EDUCATION

Questrom School of Business, Boston University

May 2027

Bachelor of Science in Business Administration & Management, Concentration in Information Systems & Artificial Intelligence

Study Abroad: University of Sydney (Jan–Jun 2026). Activities: Finance & Investment Club, National Society of Black Engineers, BU Artificial Intelligence Society

EXPERIENCE

ShareLove.Fund | Project Manager, Rikers Island Program - Rye, NY

Aug 2023 - Present

- Own end-to-end management of a recurring program assembling and distributing 6,000+ stationery sets annually to Rikers Island, from sourcing through delivery, maintaining 100% on-time delivery.
- Diagnosed recurring \$2K+ over-ordering losses by auditing prior distribution cycles; designed and deployed an inventory-tracking system that eliminated waste and improved demand forecasting.
- Built donor partnerships, mentored a volunteer team, and restructured cross-functional workflows through standardized check-ins to keep execution on track.

Intelligence Assist | AI Operations & Business Strategy Intern - Sydney, Australia

Jan 2026 - Feb 2026

- Mapped the end-to-end logic flow for an internal AI proposal-generation tool, cutting estimated build time 40% and reducing complexity for future development.
- Evaluated and onboarded 5 AI productivity tools (incl. Claude, ChatGPT) into client strategy workflows, influencing adoption decisions worth an estimated \$20K+ in annual efficiency gains.
- Standardized client-facing proposal design via markdown scripting, achieving 100% brand consistency and eliminating formatting revision rounds.

Boston University | Resident Assistant - Boston, MA

May 2025 - Dec 2025

- Managed welfare and day-to-day operations for 60 residents, enforcing policy and resolving escalations.
- Designed and executed a multi-channel communication strategy across email and physical collateral.
- Mentored 20 first-year students through structured 1:1s, improving retention and transitions.

Columbia University's DemocracyReadyNY Coalition | Intern - New York, NY

Jan 2023 - May 2023

- Planned, moderated, and executed a 250-person annual policy panel, managing logistics end-to-end.
- Led a campaign advocating for S.B.1732; resulting legislation passed September 2023, mandating student councils across NY high schools and directly impacting 700+ institutions.
- Selected as 1 of 2 interns (top 13%) to represent DRNY at the Responsible Technology Youth Power Fund national convention, delivering stakeholder presentations to senior policymakers.

SELECTED ANALYTICAL PROJECTS

Product Strategy Case - StudioKey | Self-initiated

Jan 2026

- Conducted 17 user interviews and benchmarked 4 competitors across 8 dimensions; applied RICE to prioritize 10 features into a phased roadmap.

Strategic & Financial Analysis - GlaxoSmithKline (GSK)

Jan 2025 - May 2025

- Built a Value Stick model from GSK financials (COGS/Revenue 30.2%, ~70% gross margin) within an 8-metric framework to quantify firm-vs-consumer value capture and defend a final recommendation.

SKILLS

Technical: SQL | Python | Java | Excel (Financial Modeling) | Tableau | Data Analysis & Visualization | AI Tools (Claude, ChatGPT, Copilot) | Figma | Miro | Markdown

Operations: Process Improvement | Workflow Automation | Project & Operations Management | Cross-Functional Collaboration | Stakeholder Management | Agile Iteration

Languages: Intermediate Spanish | Beginner French
